About XFT Sales Document Cycle

Secure and faster release of offers

XFT Sales Document Cycle provides XFT with a tool for easy approval of customer quotations and orders and related SAP documents. In order to also address SAP remote approvers, the approvals are also possible in UI5 interfaces.

Overview of Features

Document release

- Simply release to sales and distribution documents, for example:
 - SD Quotation
 - SD Order
- SAPGUI & UI5 interfaces
- Everything in overview:
 - Document information with item
 - Documents to be released e.g. letter of offer
- Key-User Query over all releases
 - Overview: who is currently in charge of releasing?
 - Traceability: who released what when?
- Quick and uncomplicated introduction

Flexibility & Transparency

- Flexible user identification via XFT Who does What.
- Agents are notified by SAP Business Workflow and e-mail.
- Easy configuration of email notifications and work instructions with document data.
- Alternative definition of release amounts.
- Transparent reporting.

Application Integration

- Customizing dependent on document type and sales organization.
- SAP authorizations are considered.
- User status of the document is set.
- Integration with XFT Sales Manager files.
- ArchiveLink attachments to the document, e.g. storage of logs.
